# HUGE DIRIGIBLE BASE SOUGHT FOR CONCORD

## Chamber Plans Drive To Bring Navy Air Hangar

CONCORD, Nov. 22.—A concerted effort will be made by Concord to bring the proposed \$4,000,000 navy dirigible hangar to this district, according to a decision of the chamber of commerce at a meeting here today.

The location of the far western air mail base here prior to its removal to Oakland to speed delivery of mails was declared to be a point in favor of Concord. The field was located here because of the absence of Bay fogs. Since that time, the Concord field has been retained as an emergency field.

Naval experts will be appraised of the geographical benefits of as well as the unequalled climatic conditions for flying which

will be found by locating the field here.  
The location is far enough inland to be safe from hostile battleship fire, it was pointed out. Close proximity of manufacturing plants, oil refineries, the Mare Island navy base and any new Bay district navy base that might be decided upon were also field as points in favor of locating the field in Concord.

## Local Builders To Attend State Meet

A number of Richmond men will attend the state convention of the Builders' Exchange to be held in Del Monte Dec. 1, according to an announcement made last night. P. M. Sanford of Richmond is head of the State Exchange. The annual turkey dinner of the Exchange was served last night in the hall at Fourteenth and Macdonald avenue. The dinner was served under the direction of W. H. Farrow and his committee.

## Mayor Of Jersey City Faces Trial

JERSEY CITY, N. J., Nov. 22.—(U.P.)—The disagreement between Mayor Frank Hague and the Case Legislative committee, investigating political conditions in New Jersey, reached a climax today when the mayor was arrested on a writ of habeas corpus, which was postponed from this afternoon to Friday morning.  
The mayor was served with the warrant while conferring in the office of John Milton with Sheriff Coppinger, Corporation Council Thomas J. Brogan, and Merritt Lane, his attorney.

## Barrymore Wedding Protested By Phone

LOS ANGELES, Nov. 22.—(U.P.)—A woman who said that the divorce of John Barrymore and his second wife, Michael Stranzone, had not become final telephoned the marriage license bureau here today to refuse a license to Barrymore and Dolores Costello, who have filed notice of intent to wed.  
Rosamond Rice, head of the bureau, said that no written protest had been filed and that the li-

cense will be issued to the screen stars if called for Saturday, when the three-day notice period is concluded.  
"Mr. Barrymore knows whether or not he is a married man and his knowledge must guide him," she said.  
"There will be no investigation unless written notice is filed and we are forced to take up the matter," she declared.

## Riding Bank Goes Home, Minus \$100

MARTINEZ, Nov. 22.—Should Sam Sambello, whose wallet is in this bank and he the president, cashier and teller, be called upon to make a sworn statement as to the total resources of the bank, he will have to admit that his capital has dwindled \$100.  
It was Sambello who astounded police here following his arrest on a reckless driving charge Wednesday night when his inner coat pocket wallet revealed \$880 in currency.  
That was too much for any one man to carry around loose, Justice of the Peace Frank Glass felt.

## Drives Plane 319.57 M. P. H.

D'ARCY GREIG, who at Calshot, England, flew at an average speed of 319.57 miles an hour in a seaplane bettering the former world record of 318.62 m.p.h. The new record will not be recognized however as he did not exceed the old record by five miles an hour.

## FATHER BEATS TOT TO DEATH

LOS ANGELES, Nov. 22.—(U.P.)—After he had beaten his 12 year old daughter, Sofia, to death with a hammer and attempted suicide here today, Theodore Oakvid, 44, scrawled a note that "he was very sick—feeble mentality."

Oakvid slashed his throat and wrists with a razor and could not speak to questioners. He was not expected to live.  
The mother, Mrs. Isabel Oakvid, blamed her husband's hate of "girl children" for the tragedy. She said she was roused from her sleep by a son, Algrid, 14, who screamed "Daddy's killing Sofia." They ran into the next room and saw Oakvid beating the girl with a hammer but were helpless. When Oakvid rushed at them they fled.  
Two razor-sharp knives and a whetstone on the floor indicated that the man had intended to kill his whole family while they slept, police reported.

## Cutter Rushed To Aid Of Tug

WASHINGTON, Nov. 22.—(U.P.)—The coast guard cutter Gresham is steaming to the aid of the seagoing tug Eastern reported in distress three miles southeast of the Indian river, Delaware coast guard station, headquarters here was advised.

The Gresham did not know how the Eastern was disabled but responded to an SOS call sent out by the tug.  
The Eastern was reported enroute from Norfolk to New York.

## Napa Speeder Fined \$10 Here

J. H. Fisher of Napa paid a fine of \$10 yesterday in the court of Justice of the Peace Arthur A. Alstrom on charges of speeding 47 miles an hour. Traffic Officer Lester Entou made the arrest.

## BUS LINE TO START IN 2 WEEKS

Richmond Transit company will begin operating its bus service in the East Richmond section within two weeks, according to City Councilman Paulsen.  
W. Lucas who will operate the bus service informed Paulsen that a delay had been met in securing the bus, but that all will be in readiness for the service the first week in December. Lucas, with the members of his family is moving to Richmond, having secured a home in the East Richmond district.

The bus which will furnish transportation to the residents will accommodate 22 persons, according to Paulsen. A 10 cent fare will be charged for adults with half fare for children under 12 years of age.

Lucas announced that a special reduced fare will be inaugurated for school children some time after the service has been commenced.

The route of the bus line will begin at the city limits, McBryde and San Pablo, proceed to Barrett avenue to Twenty-sixth street to Nevin avenue to Twenty-third street to Macdonald avenue, where it will connect with the Key System street cars.

It will then run along Twenty-second street to Barrett avenue, to Sixteenth street to Nevin avenue to Tenth street, where it will connect with the Ferry bus.

The service will fulfill a need for transportation for residents of the district which has been without facilities since the discontinuance of the Key System transportation.

## CENSOR HITS DUCE'S PAPER

ROME, Nov. 22.—(U.P.)—Premier Mussolini tonight wired congratulations to the Alban perfect of police who placed the premier's own newspaper Popolo D'Italia under censorship rules. The censorship was imposed because the newspaper which is edited by Arnaldo Mussolini, the premier's brother, published a sensational crime story such as had been ordered given only passing attention by the government. Arnaldo Mussolini agreed that the censorship was just.

## RICHMOND REALTY BOARD NOMINATES NEW OFFICERS

Discussion of the tax rate in Richmond and nomination of officers furnished the principal topics before the Richmond Realty board last night in the Hotel Caquinez.  
While the tax rate appears high, the assessment values on property are low, in many instances only 30 percent, according to A. L. Paulsen.

Berkeley has a tax rate of 60 percent, Oakland 40 percent and Alameda county of 40 percent, Paulsen stated. A house in Berkeley or Oakland is taxed approximately 25 percent higher than in Richmond, he pointed out.  
Proceeding the nominations, E. B. Bull, president and Paulsen, secretary of the board, declined to run for re-election. Officers will be elected at the December meeting.

## Noted Flier On U. S. Visit

LADY HEATH, British flier who holds the speed altitude and endurance records for women in England, as she appeared on the Leviathan during recent visit to the United States.

## FIRST MOVE IN FERRY MERGER

SAN FRANCISCO, Nov. 22.—In a joint petition filed before the state railroad commission today the Golden Gate Ferry company and the Southern Pacific ferry company asked that the commission postpone further consideration of the Alameda auto ferry dispute. This was the first action in the rumored consolidation of the San Francisco bay ferries.  
The Southern Pacific and Golden Gate companies have disputed for the past two years the right of operating the Alameda line. The case has twice been carried to the Supreme court. The fact that the two companies have petitioned the postponement has led to a belief that the consolidation will be carried through at the first of the year.

The hearing scheduled for Nov. 27 of the Golden Gate company's plea for a certificate of public necessity to operate the line is asked to be postponed until Jan. 29.

A delay until Feb. 1 of the commission's "cease and desist" order requiring the Southern Pacific to stop running its Alameda line on Dec. 1 is also requested.

## CUTOFF ROAD ORDERED BY COUNTY

Resolutions declaring the proposed cut off highway from the Tank Farm hill to the extension of Tenth street Richmond, were passed by the county board of supervisors yesterday. The board instructed the district attorney's office to proceed with the necessary legal steps to acquire rights of way.

Petitions of San Pablo residents reported to be in circulation, were not presented to the board.

The supervisors in passing the resolutions declared the cutoff to be part of the general plan conceived by the board at the time it appropriated \$25,000 for the widening of the state highway through Pinole. This was held necessary to keep the state highway commission from rerouting the highway from a point near Hercules across the hills into San Pablo valley cutting off Pinole and San Pablo.

A survey of the proposed route has been completed by County Surveyor R. R. Arnold and funds to acquire the rights of way have been provided for in the yearly budget of Supervisor Zeb Knott.

This highway, when constructed will provide a new direct route from the north into Richmond's business district. It will also provide a direct route from the north to the San Francisco and the San Rafael ferries.

The proposed highway will be routed from Tank Farm hill north and west of San Pablo to the Giant highway at a point near San Pablo. This will permit traffic flowing along Kearney street into the extension of Tenth street, Richmond.

By Richmond opening Garrard avenue from Barrett avenue to Tenth street, a traffic artery would be provided direct to the ferries, avoiding the confusion that now exists.

## 103 CITED IN LIGHT TESTS

The Richmond and El Cerrito traffic officers last night stopped more than 250 motorists in the light tests now being conducted here. Of this number 90 were cited for glaring lights; seven for driving with one light; five for no tail light and one for illegal lenses.

The tests were under the direction of Traffic Officer Eddie Baker of Richmond and Police Chief R. R. Cheek of El Cerrito. They were held at the intersection of Cutting boulevard and San Pablo avenue.

## Group Will Visit Modesto Property Of Regello Estate

John Regello, executor of the J. G. Regello estate; George Lee, executor of the Manuel Rose estate; C. D. Horner and Fred Caudle will go to Modesto today to foreclose property belonging to both estates.

BIRTHS RECORDED  
Two birth certificates were filed with the city health department yesterday. They were for:  
Frank Enrico Merlo, born Nov. 17 in the Richmond Maternity hospital to Mr. and Mrs. John Merlo of 217 Munroe street.  
Milton Stanley Comacho, born in the Richmond Maternity hospital Nov. 15 to Mr. and Mrs. Ernest Stanley Comacho of 1214 Derby street, Berkeley.

## Nation Anxious As 3 Physicians Are Summoned

LONDON, Nov. 22.—(U.P.)—King George's surgeon apothecary, Sir Stanley Hewitt, was recalled to Buckingham palace late Thursday night to attend the king. It was announced that he had arranged to stay at the palace during the night.

Lord Dawson of Penn physician-in-ordinary to his majesty also will remain at the palace and a third physician has been summoned.

England's attention was centered on Buckingham palace tonight as regular official bulletins announced the condition of King George V, who is confined to bed. Although spokesmen were quick to assure the public that the king's condition was not causing the slightest anxiety in the royal household, a bulletin issued tonight said:

"His majesty passed a rather restless day owing to the persistence of fever. There is some congestion of one lung."  
"Signed, Stanley Hewitt, "Dawson of Penn."

Other bulletins issued earlier in the day and the reassuring words of official spokesmen at the palace had said the king was progressing satisfactorily after he had accepted Wednesday night the advice of physicians to remain in bed for several days.

Throughout the day and late into the night crowds of anxious subjects gathered at the gates of Buckingham palace to hear the bulletins announcing the condition of their king.

## Hammer Slaying Baffles Detectives

OMAHA, Neb., Nov. 22.—(U.P.)—The Omaha hatchet murders may go down in history among the nation's major unsolved mysteries. Inspector of Detectives Danbaum admitted tonight after posess had failed in a four-days' intensive hunt to find any trace of the negro suspect.

Danbaum, police and armed possemen were beginning to lose hope of capturing the supposed madman responsible for the ax slaying of J. W. Blackman, Mrs. Waldo Resso and Miss Greda Brown.

Authorities have made no progress toward solving the case, it was admitted. Danbaum believes the murder, if an Omaha resident, is still in the city, probably being hidden by relatives or friends.

If he is an outsider, the slayer probably has proceeded to other fields, the inspector said.

## Bodies Found; Ship Crew Feared Lost

DULUTH, Minn., Nov. 22.—(U.P.)—John S. Johnson left here today for Maples, Wis., on the south shore of Lake Superior to determine if three bodies were washed ashore there earlier in the day were those of the crew of a fishing launch that has been missing since Tuesday.

Four men were on the launch which was owned by the Johnson and Sons, fish company.  
The three bodies were found in shallow water about 10 miles from Maple, according to word received here. All wore life preservers. The fishing launch was caught in a gale on Lake Superior Tuesday while enroute here.

## Border Rum Drive Planned By Drys

WASHINGTON, Nov. 22.—(U.P.)—Drastic action will soon be taken along the Canadian border to check rum running, it was revealed here today when official figures received by the prohibition bureau from the Canadian government showed 1,121,872 gallons of whisky and 3,452,272 gallons of beer were exported into the United States in the 12 months period ending Sept. 20.

According to the prohibition bureau this is four-fifths of all liquor illegally brought into the United States during that period and all of it came through Detroit.

School Grounds To Be Beautified Here  
Work on beautifying the gardens of Richmond schools has been started, according to Walter I. Helms, superintendent of schools. At the Grant school a new garden has been placed along the east end and front of the school. Under the direction of the Parent-Teacher association, pines and redwoods have been planted at the Kensington school and the hillsides beautified.  
The garden at the Lincoln school which has been a hit and miss proposition, extending over a period of years, has been removed to make room for a well planned landscape effect to set off the building.  
Gardens of the Richmond schools during the past few years have been a source of pride, each school competing with the others to set off the appearance of the buildings. Care is taken in selecting plants so that flowers will be assured throughout the year.

## BAPTIST GROUP WILL VISIT OAKLAND

The Sunday school of the First Baptist church has arranged for a caravan trip to Oakland tonight to attend the meeting of the Baptist Sunday schools around the bay.

A large truck has been secured which will be filled with children and young people and will lead the march to Oakland, following truck will be fifteen or twenty cars loaded with members of the school.

The cars and members of the school will meet at the church at Barrett and Thirteenth street at 6:30 p. m. Transportation has been provided for every one that comes. A beautiful banner will be awarded to the school that has the largest percentage of their members present, and as the number present will be multiplied by the number of miles traveled, the local school feels that they have a splendid chance to win the banner.

The program at the rally will consist of some special numbers by the "Ching Mei" boys, some negro spirituals and an inspirational address given by Dr. W. C. Pearce, associate secretary of the world's Sunday school association.

Physicians answering emergency calls are exempted from compliance with speed laws in eight states, according to information received by the National Automobile club.

## POWERFUL YET GENTLE POSLAM HEALS ECZEMA

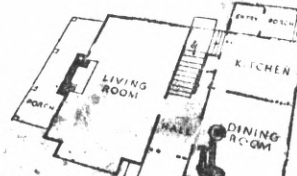

Poslam is the most concentrated of skin remedies, yet its medication is so safe and gentle that it may be used freely, even on a baby's tender skin. It stops itching INSTANTLY and quickly overcomes the most stubborn eczema. As all druggists—only 50c.

**FREE** POSLAM CO. 233 West 1st Street

## Have at least two telephones

An extension telephone is as much a saver of steps in your home as an additional water tap. And it costs very little.

Extension telephones can be installed after your house is built, but an even better method is to plan for adequate telephones before you build.

First Floor Suggestion for telephone

We have prepared an interesting booklet with suggestions for home builders and architects showing how to make advance provision for conduit and hidden wiring. Ask for a copy at the "Business Office."

## Auto Go-Cart

PHILIP GIORDANO in the small auto he built—apparently pathfinding for a huge Fifth avenue bus in New York City. The baby car is six feet long, half as high, can go 67 miles an hour, 40 miles on a gallon of gas and can turn around on a circle 10 feet in diameter.

## Troop 3 Has Business Meet

Troop 3 of Boy Scouts will hold a business meeting next Thursday on account of Thanksgiving day. It was announced last night.

## Mrs. Rutherford Returns To Duty

Mrs. Mary Rutherford, who has been confined to her home with an attack of influenza, has returned to her position at the local Pon Honor store.

## Five Year Old Sees World On Freight Train

DEMING, N. M., Nov. 22.—UP.—A five-year-old boy who started out to see the world from a box car was found today on a freight train when it arrived here.

The boy was able to his name—Juan Perez—but could not say where he boarded the train.

"My papa works on the railroad tracks," was all the information he could give. He did not seem to mind his plight and was playing happily in the box car when railroad agents discovered him.

Officers in towns of the southwest along the Southern Pacific line have been notified and asked to seek Juan's parents.

## Ludwig Will Build Cottage

O. R. Ludwig was granted a building permit yesterday by Arthur J. Hurley, city building inspector, to erect a one-story cottage and garage on the north side of Rosevelt avenue between Twenty-first and Twenty-second streets. The work will cost \$5,000 and E. R. T. Carson is the contractor.

## Circle 2 Baptist Aid Planning Sale

Circle No. 2 of the Baptist Ladies Aid society will entertain at a Thanksgiving food sale and bazaar Wednesday at Schrader's store, Seventh street and Macdonald avenue.

Mrs. C. W. Cook and Mrs. W. H. Phillips will be in charge of the food sale and Mrs. C. P. Laster will be in charge of the bazaar.

## School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping. Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling. It is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine."

## VESTRIS BOATS FOREIGN TRADE LAUNCHED TOO LATE AIDED BY U. S. GOVERNMENT

NEW YORK, Nov. 22.—(UP)—A tall lean faced seaman who appeared uncomfortable in the inland room in the federal building today flinched nervously as he said he believed the life boats should have been sent off the steamer Vestris before Captain William J. Carey ordered them away.

This seaman was Capt. William M. Bramba, for 14 years a master of merchantmen and up until Oct. 9, Master of the Vestris for three months.

"I don't want to criticize a dead man," Bramba protested when he was asked whether the life boats had been launched in time.

He was told that no one was criticizing the dead and then the captain of a sailing vessel said that he believed life boats should have been launched when a vessel was in a bad degree of distress. He said the Vestris listed as far as 40 degrees.

Bramba was but one of 11 witnesses who appeared today at the two federal inquiries—one by the commerce department and one before Commissioner Frances A. O'Neill. The two commissions tried vigorously to find out why the Vestris sank. The sum total of today's testimony was:

That perhaps a leak in the bottom caused the sinking. That "at least half" of the fine water tight compartments must have been flooded.

That the boiler room and engine room must have been flooded.

Bramba was the most colorful witness during the two hearings today, hearings which afforded listeners an expert knowledge about a lot of features of a steamship of which ordinary ocean travelers do not know.

He told of the excellence of the Vestris — "The best ship I ever had" — but said that on the last trip he commanded her there was a slight list. He said his inspections had shown the Vestris to be in good condition.

When he was asked about launching the life boats and after he had been told there was no criticism of the dead, he replied: "At about 32 degrees list I'd have put the life boats out. There were enough life boats on the starboard side to carry everyone."

"And you would have put the passengers in 'on the starboard side'?" United States District Attorney Charles H. Tuttle said.

"Probably."

Many of the life boats were launched from the port side, witnesses said, and the launchings were ineffective as the boats dragged against the ship and finally slid into the sea, sending many women and children to their deaths. One life boat even dangled by the Vestris' side when that craft keeled and plunged under.

## Yeggs Kidnap Daughter Of Police Chief

MOSCOW, Nov. 22.—(UP)—Ivan Beaufort, assistant chief of 29th police ward in Moscow, has carried on a relentless war against criminal elements in his district. Recently he was called on the telephone at home and an unknown voice said:

"Now we are square!"

Beaufort did not understand the message and dismissed it from his mind. When his ten-year old daughter, Catherine, failed to come home from school that day, however, he realized that his enemies in the criminal world had maneuvered a reprisal.

The girl apparently had been kidnapped on her way home from school. The police are searching energetically but as yet have found no trace of her.

The comprehensive character of the trade promotional activities of the department of commerce, both in foreign and domestic fields, is revealed in the annual report of Mr. James Klein, director of the bureau of foreign and domestic commerce. Until 1922 the bureau's efforts were devoted entirely to the furtherance of export trade, but since that time it has turned its attention to an ever increasing degree to the problems of domestic business. This government cooperation with business, Dr. Klein believes, has played a by no means inconsiderable part in the steady expansion of our trade at home and abroad.

The importance of our export trade to the economic well being of this country is evidenced by the fact that from one seventh to one sixth of our total farm production is marketed abroad, representing the output of a million and a quarter persons. Of the output of our factories, 8 or 9 percent is exported, representing the production of not far from a million industrial workers. While the bureau devotes much attention and with gratifying success to promoting the sale of foodstuffs, raw cotton and other farm products, shipments of these articles are influenced to a considerable extent by world-crop conditions.

It is the case of a manufacturer of products—that class of goods whose successful marketing depends on accurate knowledge of competitive conditions—that American achievements in foreign markets are most outstanding. In the face of the most vigorous competition, our exports of finished manufactures have steadily advanced until last year they reached the huge total of \$2,061,000,000, an increase of 4 percent over the previous year and fully 70 percent over 1921-22.

The exact extent to which the Bureau has participated in this steady forward march of our export trade is difficult to determine because of the varied and extensive range of its operations. However, the direct practical value of its trade-promotive work is indicated by the dollar-and-cents returns volunteered by certain firms and individuals in the United States who benefitted by its services. During the past fiscal year, the report shows that 800 of these voluntarily reported known sales and savings directly traceable to the Bureau's activities totalling \$15,000,000, or an average of \$18,000 per firm. The Bureau currently serves about 22,000 firms. On three million occasions during the last fiscal period, or nearly 10,000 each business day, Dr. Klein points out, the bureau rendered some specific service to the American public. This was five and a half times as many as it performed in their behalf during 1921-22, the first year under its specialized commodity plan of operation.

During this interval the average cost of each service to the American taxpayer has dropped from \$2.75 to less than \$1.50.

Many specific instances of business obtained by American exporters through the cooperation of the bureau's foreign offices are outlined by Dr. Klein. Among these were the sale of 135 automobiles in Italy, \$200,000 worth of druggists' supplies in Egypt, \$75,000 worth of electrical equipment in Canada and \$70,000 worth of paint in South Africa. As a result of agency connections arranged by these offices a Texas exporter sold \$180,000 worth of cotton in Stockholm and a Wisconsin manufacturer of road building machinery disposed of products worth \$150,000 in Spain. A Massachusetts firm obtained street paving contracts from Argentine municipalities amounting to \$1,500,000 as a result of recommendations made by the Buenos Aires office, which office also aided two New York firms in securing a municipal building contract approximating \$2,700,000. Together with this

## He Dosen't Know

THIS CHAMP turkey who carries his mistress, Josephine Duan, so gallantly, doesn't know that his reign is nearing its end and he is destined to make a fine dinner for four people on Thanksgiving Day.

At Hotel Carquinez  
Arrivals at the Hotel Carquinez yesterday were A. C. Morehead of El Segundo, J. R. Anderson of Fresno, B. M. Norton of Denver, J. McQuibby of Bakersfield, V. H. Pittori of San Francisco and F. D. Robinson and family.

The operation of the Hoch act which established the foreign commerce service of the department on a permanent legislative basis, has served to promote enthusiasm, diligence and initiative among the foreign staff of the organization. Furthermore, its favorable reaction in the business world is shown not only by the increasing number of firms entering the export field, but by the expanding programs of many of the older export houses.

In order to provide the most efficient service for American business men and to expedite the delivery of trade information, the bureau maintains branch offices in the important centers of this country. That American business men are each year making greater use of these "service stations" is strikingly evident in the report. During the past fiscal year 2,509,114 separate services were rendered by them, an increase of 14 percent over the previous year's figure. There were 104,000 callers for information, compared with 74,000 during the year previous, 109,000 requests for details in regard to specific trade opportunities were complied with as compared with 572,000 and some 30,000 more than in the preceding fiscal period.

## Guards Planning Entertainment At Birthday Party

An entertainment committee in a banquet will feature the first anniversary celebration of Richmond council No. 1 American Guard on Dec. 14, according to an announcement made last night at meeting in Brotherhood hall. A group of 14 candidates was introduced.

Application was received from Long Beach for the institution of a council there. There will be a meeting next Thursday night due to Thanksgiving Day. At the next meeting, officers will be elected. A membership contest is being carried on between the council and the auxiliary, the losers to serve the banquet at the anniversary celebration.

## Social, Lodge Events

### Point Masons Plan Ladies Fete Tonight

Ladies night will be held by the Point Richmond lodge of Masons tonight at the Point Masonic hall under the direction of Mark Hoover and H. R. Harrison. A program will be presented; dancing will be enjoyed and refreshments will be served.

### PROFESSIONAL WOMEN ENJOY TURKEY WHIST

Richmond Business and Professional Women's club held a well attended whist party last night in Winters hall, Eleventh street and Macdonald avenue. Proceeds from the event will be devoted to the scholarship fund of the club.

### Y. L. I. GROUP ENTERTAINS STATE HEAD

Miss Gertrude Dooley of Oakland, grand vice-president, was a visitor at the meeting of the Richmond council Young Ladies' Institute last night in Memorial hall. Plans were discussed for a Christmas party to be held following the next meeting of the council. The committee in charge is Miss Mary Casey, Miss Grace Berk and Miss Mary Medo.

### Richmond P. T. A. Members Attend District Meet

The session of the Sixteenth District council of Parent-Teacher association in Hayward yesterday was attended by a group of Richmond members of the P-T-A. headed by Mrs. C. R. Blake.

### PHOTO PRICES REDUCED

To avoid "Specials" we are making the greatest reductions in studio portrait prices that can possibly be made without sacrificing quality. Our policy is to use the best and do our best and guarantee satisfaction. We are going to stick to this policy. Come in and learn our new prices.

### PARKER STUDIO

1920 Macdonald Ave.

## Works For Prince

SIR GODFREY THOMAS, private secretary to the Prince of Wales, with his wife as they sailed on the Montalora after a two months holiday in Canada.

### FIRST CHRISTIAN WOMEN HOSTS AT SOCIAL SESSION

Members of the Organized Women of the First Christian church entertained yesterday afternoon at a social meeting in the church parlors. The affair was open to the public. Songs by Mrs. W. P. Cooper, piano numbers by Frances Whisler and games under the direction of Mrs. Nettie Newsum were enjoyed.

### Community M. E. Group Observes Week Of Prayer

The week of prayer is being observed by the Women's Missionary society of the Community Methodist church at meetings held in the church hall yesterday and today.

Plans are being arranged for a food and apron sale to be held at Schraders furniture store, Seventh street and Macdonald avenue, Dec. 1, by the group. The affair will be under the direction of Mrs. B. F. Betterton.

### GIRL SCOUT TROOP WILL ENTER CONTEST

Plans for a treasure hunt and tree identifying contest were discussed by the Girl Scouts of the Citizen's Troop meeting last night in the Longfellow junior high school. The contest will be held with the other Girl Scout troops of this city Saturday.

Purchase of the new grey-green uniform of the Girl Scouts was discussed.

Mrs. L. W. Weusthoff was in charge of the meeting.

### Richmond Club Minstrel Cast Shows In Antioch

Members of the cast of the Richmond club minstrel show last night went to Antioch where they presented the minstrel show "Swanee River Nights." The group was headed by Mrs. Dan Reardon.

### Fruitvale Eagles To Visit Richmond

Fourteen members of the Fruitvale auxiliary to the Eagles will be guests of the Richmond auxiliary to the Eagles here tonight at the Woodman hall. An entertainment will be enjoyed and a banquet will be served.

See Mrs. O. S. Pearce for Greeting cards, Christmas novelties, attractive gifts. 128 Seventh St. Phone 1321-2 Xmas Cards plain or engraved

## Mendelssohn Club Hears Dixie Songs

Members of the Mendelssohn club were entertained yesterday at the home of Mrs. E. D. Armstrong in Hercules for a business and social meeting.

Songs of the south were discussed, especially the negro spirituals. Mrs. Billy Brown read an interesting paper on these songs and discussed the rise to popularity of the spirituals.

A quintet, including Mrs. John Griffin, Mrs. E. L. Scofield, Mrs. James Stuart, Mrs. Dominica Robbins and Mrs. Ralph Bergen, accompanied by Mrs. Myrtle Smith presented a program of southern songs. Their numbers included "Dixie," "My Old Kentucky Home," "Carry Me Back to Ole Virginia" and "Oh Susanna."

The Williams Midgets presented an enjoyable program of spirituals, popular numbers and dances.

The program was under the direction of Mrs. Scofield. Mrs. Geo. Harlow assisted the hostess.

### PRESBYTERIAN CHURCH GROUPS HOLD LUNCHEON

The Macdonald Missionary and the Ladies Aid societies of the First Presbyterian church held their annual joint luncheon in the church parlors yesterday noon. A business meeting was held prior to the luncheon and a program was presented in the afternoon by the missionary society.

### LABEL LEAGUE TO HOLD XMAS PARTY DEC. 22

The date for the Christmas party of the Contra Costa Union Label league was changed to Dec. 22 at a business meeting held in Brotherhood hall last night. The fish pond will be one of the main attractions and Mrs. Lance Curtis, chairman of the committee in charge of this booth, reported that there would be plenty of bait and fish.

Paul Kenville has been delegated to go to Santa Cruz to secure a Christmas tree which will be used by other organizations meeting in the hall. All union men and their families have been invited to attend the party. Preparations are being made to provide refreshments for 500 persons. Mrs. L. G. Eldridge is general chairman in charge of the party. The mystery package last night was awarded to Mrs. Jennie Winters.

### T. F. B. Booster Club Will Hold "Cootie" Party

The Fraternal Brotherhood Booster club will be entertained tonight at the home of Mrs. Ralph Bedbury, 640 Ninth street for a Cootie party. Prizes will be awarded.

### Boys Bible Class Candy Sale To Be Held Tomorrow

The boys' Bible class of the First Christian church, under the direction of Mrs. L. E. Jones will hold a candy sale tomorrow at the Elmer market, 332 Macdonald avenue. Money derived from the affair will be used for the Thanksgiving offering of the class.

### Nut Club To Hold Meeting Today

Mrs. Herbert Williams, 626 Thirtieth street, will entertain members of the Nut Sewing club this afternoon at her home for a business and social meeting. All members of the Beacon chapter, Order of the Eastern Star have been invited to attend.

### Odd Fellow Hall Whist Tomorrow

The Odd Fellows Hall association will entertain tomorrow night at a whist party in the Odd Fellows hall. A live turkey will be awarded for every four tables. The game will be run in two shifts.

### Guard Auxiliary To Meet Tonight

Members of the auxiliary to the American Guards have been urged to be present at a meeting tonight in Musician's hall when officers will be nominated. Important business will be discussed.

## Bandits Loot Chicago Shop

CHICAGO, Nov. 22.—(U.P.)—Three bandits held up employees in the Olson-Eban Jewelry shop at noon today and escaped with \$25,000 in money, jewels and watches. Shortly before this robbery, two automobile bandits kidnapped an officer of the Franklin MacVeach company and took a payroll of \$8,500.

## Beware of Bachelors

by  
Arline de Haas

Copyright 1928, Warner Bros. Pictures Inc.  
"BEWARE OF BACHELORS," with an All-Star Cast, is a Warner Bros. picturization of this novel.

**SYNOPSIS**  
Dr. Edward Davis, a nerve spe-  
cialist, has had a busy morning.  
Most of his patients are women, and  
a great many of them are inter-  
ested in the handsome young phy-  
sician. But Dr. Davis is interested  
only in his wife, May, to whom  
he has been married some three  
months. He goes to the Ritz Hotel  
to meet his friend, Joe Babbitt, for  
lunch, and Babbitt has brought  
along an artist, Myra Pfeffer. Bab-  
bitt is called away suddenly, leav-  
ing Dr. Davis and Myra together.  
Mrs. Davis is on her way in town  
to do some shopping.

**CHAPTER II—Continued**  
But on that very morning the  
wife of Life had determined to go  
to the head of that little god known  
as Fate. And Fate, with idle  
hands, suddenly decided to stick  
ten agile fingers in the pie. So  
that was why Mr. Adolphe Beran-  
ger walked rather disconsolately  
out of a cheap lunch wagon, hav-  
ing dined frugally on a slab of  
bread and ham and a glass of milk  
and turned his steps uptown. Pick-  
ing his way carefully among the  
milling noonday crowds, he trav-  
ersed the lower sections of the  
city and found himself admiring  
his own reflection in the plate  
glass windows that lined the ex-  
clusive shopping district.  
Before the wide open doors of  
The Ritz Mr. Beranger halted. He

## Absent Voters Huge Majority Goes To Hoover

MARTINEZ, Nov. 22.—A canvass  
of absent voters' ballots revealed  
that Herbert Hoover received 26  
out of 41 votes cast in Contra  
Costa county, according to re-  
ports of County Clerk J. H. Wells.  
Alfred E. Smith received 12 votes  
and two were cast for the social-  
ist candidate.

## 'King Cowboy'

TOM MIX in "King Cowboy," opening today at the Cal-  
ifornia theater.

## Fawcett Final Rites Pending

Funeral services for Mrs. Char-  
lotte Fawcett, 225 Richmond street  
El Cerrito, who passed away at  
her home yesterday, are in the  
hands of Wilson and Kratzer. De-  
ceased was a native of England  
and was 75 years of age. She  
lived in El Cerrito for the past  
nineteen years.  
She leaves the following daugh-  
ters and sons: Mrs. Blanche Har-  
mon and Mrs. Anna J. Pacheco,  
of El Cerrito and Mrs. Loreta  
Stokes, of Montana; Samuel R.  
Fawcett of Fairfield; George H.  
and Amos W. Fawcett of Idaho  
and Amos E. Fawcett of Upper

Lake. She also is survived by  
two brothers, John and George  
Eagle of New Zealand, 39 grand-  
children and 36 great grand-  
children.

## Chicago Stores Wrecked By Bombs

CHICAGO, Nov. 22.—UP—Two  
soft drink parlors were the ob-  
jects of bombs hurled at the  
doorways of the establishments  
today. An automobile was de-  
molished and a family was thrown  
from bed in one of the blasts.  
Total damage was estimated at  
\$2,000.

Record-Herald

## 'KING COWBOY' Maennerchor Shows Mix At Best

Phonographic and colorful to a  
degree surpassing any screen of-  
fering in which Tom Mix has yet  
been presented, "King Cowboy,"  
an RKO production with that  
world famous and popular western  
actor in the star role, opens at  
the California theater today.  
"King Cowboy" is not a story  
laid in the surroundings in which  
Mix has hitherto been seen—the  
cattle country of the great west.  
The locale of the photoplay is  
Morocco, in the country of the  
Riff tribesmen—those daring  
horsemen and warriors who so  
recently did battle with the com-  
bined armies of Spain and France.

Tom splendidly portrays the  
leader of a band of cowboys who  
invade that dangerous region of  
northern Africa in quest of the  
owner of their Nevada ranch, held  
captive by the Riffs. What adven-  
ture they experience, after being  
captured by the tribesmen, dis-  
covering the prison of their friend  
and fighting their way to free-  
dom, make up an absorbing pho-  
toplay of fast action, fights, for-  
ays and fun, which has been faith-  
fully depicted on the screen un-  
der the direction of Robert De  
Lacey.

The picturesque background of  
mosques, minarets and ancient  
market places of a Moroccan city  
add much to the appeal of the  
picture.  
Sally Blaine, dainty beauty of  
note, enacts the leading feminine  
role as the daughter of the cap-  
tive American, who accompanies  
the party and is temporarily im-  
prisoned in the harem of an  
Amir. So successful is Tom in  
impressing the natives with his  
ability as a rider and a fighter,  
in which his famed horse, Tony,  
plays an important part, that they  
proclaim him Amir after he has  
disposed of their tyrannical  
and in closing sequence the  
relinquishes the familiar bi-  
zar for a camel and the  
turban of a Riffian ruler.  
In the supporting cast,  
an adequate company of  
and Arab riders, are such  
as Robert Fleming, Barne-  
Lew Meehan, Frank Lei-  
Wynn-Mace.

## RECORD CITRUS SEASON FOR STATE ENDS

LOS ANGELES, Nov. 22.—Efficiency of cooperative marketing coupled with products in universal demand is reflected in the \$130,000,000 return for the 1922-23 season's California citrus crop, disclosed in the annual report presented to directors of the California Fruit Growers Exchange recently by General Manager E. G. Delzell. This is ten million dollars more than was realized for the record crop of the preceding season.

A total of 59,356 carloads of oranges, lemons and grapefruit were shipped to make up this record return. The delivered carload value of the crop, based upon Exchange returns, reached \$165,903,190, of which \$34,838,159 went to the transportation companies for freight and refrigeration.

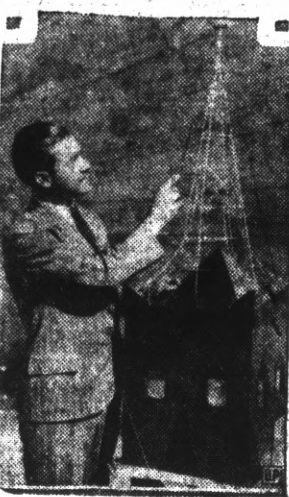

Shipments for the Exchange organization alone reached 44,521 carloads which is 75 per cent of the state's citrus crop. In terms of boxes, the Exchange marketed 15,085,647 of oranges and 4,407,587 of lemons. Exchange shippers received \$96,582,408, which means a business of approximately two million dollars weekly, their shipments of oranges and lemons being distributed throughout 52 weeks of the year. Citrus fruits now rank with oil, movies and tourists as one of the four biggest and best known California industries.

A lighter supply of oranges from both California and Florida, compared with recent years, and increased consumer demand are held responsible for somewhat higher prices on this commodity.

The report states that based on the retail value of the 1922-23 crop, every family spent on the average \$4.97 for California citrus fruits or a per capita expenditure for the United States and Canada of \$2.07. The per capita expenditure the preceding year was \$2.15.

During the 21 years since 1907 the exchange has invested over ten million dollars in Sunkist advertising, of which 40 percent has

## Radio Model Of High Power

**MAURICE POIRIER** of Burbank, Calif., with his miniature model of a radio power plant that will rise 1000 feet into the air and send and receive on any wave length.

been expended during the past 4 years. Newspapers, national magazines, street cars, posters and radio have been used to broadcast the quality and healthfulness of Sunkist fruit.

Of advertising, Mr. Delzell says, "The favorable position which citrus fruits occupy with consumers must be attributed in a large measure to the educational advertising carried on by the Sunkist growers which is based upon research work demonstrating their beneficial attributes as a part of the daily diet for both young and old."

## If Indian Herb

Compound does not benefit you after directions have been followed, you can get your money back at any of the agencies where you bought them.

Indian Herbs are for sale by all the local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald Ave., 12-8.

## INDUSTRIES AID CAMPAIGN OF RED CROSS

The California Cap company, which turned in Red Cross annual roll call memberships yesterday, subscribed \$111, which is the largest total received from an industrial plant so far in the local campaign. The Pullman company yesterday subscribed over a hundred dollars toward 1923 memberships.

The following names were added to the Red Cross Roll Call yesterday representing memberships secured under the direction of a committee headed by Mrs. W. S. Lucas: J. H. Garvin, West Side Garage, Mrs. Mary McDuff, Mrs. P. C. Campbell, M. Westman, Mrs. J. L. Madini, Daniel Hallahan, Mrs. D. Hallahan, Mrs. McChristian, Arthur Stone, Wm. Bartum, Mr. Battaya, J. Teustafel, Mrs. Terik, Mrs. Mike Palanchel, T. Beck, G. Gherle, Tom McCormack, M. Magglo, C. Green's Boat House, Clifton Bradley, Mrs. Clifton Bradley, Miss Ida Bradley.

Pullman company employees were solicited under the direction of Mrs. Florence Nelson, George Robinson and M. Watt, as follows: A. Weber, Ed Mathiesen, S. W. Jackson, W. E. Jenkins, H. Metcalf, J. J. Meyers, L. F. Tuttle, C. Hansen, W. Jamieson, E. Munday, J. Campbell, C. Bonini, J. Kracjar, Jim Euriel, Joe Prescott, Frank Orzall, John Hendrickson, Tony Cigolio, P. Seeburg, G. W. Graveline, J. H. Dietrich, J. Beno, C. Guidici, C. Colombo, J. Ferrari, M. Bertoli, A. Hogan, — Galbraith, A. P. Schwartz, Mrs. Florence Nelson, J. J. Ford, E. L. Kershman, L. A. Schmitt, A. S. Sandstrom, H. E. Munday, L. J. Phillips, W. M. Hartswick, Henry Maschler, C. R. Lomer, Lee Goldsworthy, C. R. Cain, L. F. Holt, F. E. Reed, M. C. Robertson, R. Tanner, D. E. Pryde, A. Rowell, John E. Smith, C. H. Sillen, M. A. Gordon, C. E. Swanson, J. H. DeFoe, A. R. Parks, Oscar Borgstrom, J. F. Enright, C. Stoddard, C. Coletti, Alma Cathran, O. Nyquist, M. J. Scanlon, H. Aichinger, R. Koegel, M. Cullen, J. When the brakes begin to squeak it may mean that grit or other foreign matter is imbedded in the lining, according to the National Automobile club.

## GUILD BANKING

TRADE associations in the medieval countries exercised considerable influence in the business world. Due to the requirements of commerce, the Woolen Guild of Spain undertook certain phases of banking operations for its members in 1349, and this presaged the organization of the later famous Bank of Barcelona.

No matter how exacting your banking requirements may be, this institution is in a position to handle them with accuracy and dispatch.

## PREVENTION OF FIRE TOLD TO LEGION

An address on fire prevention which was accompanied by a reel of motion pictures featured the meeting of Richmond post American Legion last night in Memorial hall. The speaker was State Fire Marshall J. W. Stevens.

Fire Chief W. P. Cooper delivered a brief talk and displayed the two cups recently awarded to Richmond for low fire loss. Charles W. W. St. John was presented with a past commander's emblem with Tarr Calfee making the presentation speech. Tickets for the whist party to be held Dec. 6 by the Allied council of War Veterans were distributed. The whist will be held as a benefit for the annual Christmas tree party for children of war veterans.

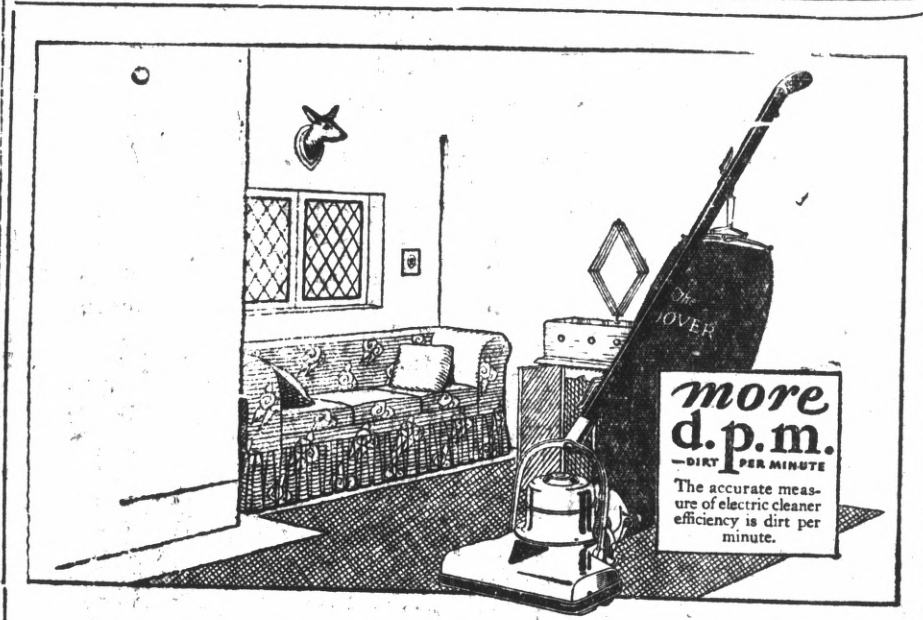

The welfare committee was instructed to deliver a basket of groceries to the needy families of one of the members for Thanksgiving Day. Refreshments were served by George Tandy, George Imbach, A. G. Papadakis and Lloyd Grubbe, J. J. Barry, commander, presided.

## Roosevelt School Program Presented

With a large group in attendance the weekly noon program was presented at the Roosevelt auditorium. Mrs. Genevieve Holbrook featured the presentation with a number of readings.

## Horner Addresses Alameda Shriners

Clare D. Horner, attorney and chief rabbin of Aahmes temple of the Mystic Shrine, was chief speaker of the evening at a meeting of the Southern Alameda county district Shrine club in Pleasanton last night. Horner spoke on the work of the Shriners. The session was attended by delegates from many southern Alameda towns.

## Are you SURE your rugs are clean?

Week after week you go through a round of rug cleaning. When you are through, have you really cleaned? You would be surprised if you could see inside your rug after the ordinary cleaning. While its surface is comparatively free from dirt, there is deep in the nap a thick layer of grit which hasn't even been touched!

Are you satisfied with that kind of cleanliness? Are you content with such half-way results when with The Hoover you can have floor coverings that are really clean—all the way through?

"Positive Agitation" gets the dirt that no ordinary cleaning method can touch. It flutters to the surface of

the rug the sharp, cutting particles lodged at the base of the nap. And only when these are removed is a rug thoroughly clean

It would be well worth your while to take time for a demonstration of "Positive Agitation" on your rugs. You would see this sensational cleaning principle remove more dirt per minute than any other cleaning method is able to remove. And you would know definitely that nothing but Hoover cleanliness would content you in the future!

Phone for demonstration. Liberal allowance for your old cleaner. Cash Price, Model 700 Hoover, \$75; Model 543 Hoover, \$59.50, Easy Terms.

## A Free Demonstration

# 90,000 GATHER FOR CARDINAL, BEAR GRID CLASSIC

## RIVALRY RUNNING HIGH AS ANCIENT FOES PREPARE TO BATTLE ON FOOTBALL FIELD

Ninety thousand strong they started moving into the bay regions today in preparation for the Pacific coast football classic at the University of California stadium tomorrow afternoon.

Football "whoopie" an large order was occupying the center of the stage in all of the bay cities with the activities centering at Berkeley and Palo Alto, as the heroes of the affair went into "hiding" in order to be in proper trim for the grim tussle on the gridiron tomorrow.

Hotels reported capacity crowds last night. The larger hotels in Oakland and Berkeley hung out "sold out" signs as early as yesterday noon and late fans were trickling into neighboring cities, some of them registering at the Hotel Carquinez in Richmond.

**Tickets Go Begging**  
And while thousands lamented the fact that they would not be among those present at the crucial moments tomorrow afternoon, 75 tickets to the big game were gathering dust in the official ticketery at the University of California. Seventy-five of the precious card spards, for which scalpers are asking as high as \$100 a piece and getting it, had been forgotten, unclaimed after the money had been paid for them. But they will not rest there throughout the game. When the deadline arrives tomorrow they will be offered for sale and some tickets made out to those who have failed to claim them.

That the celebration tomorrow night after the game will break all records was indicated by the record number of reservations which have been made at restaurants and cafes where "Big Game" parties will be held. The celebrations are expected to start immediately after the time keepers gun pops and another of the coast grid classic has become history.

### Rivalry High

Rivalry is running high between the two universities this year, more so than at any time in the past. Stanford's traditional bonfire was touched off ahead of time—the big "C" blossomed forth in the Cardinal of Stanford and California's blue and gold pennant floated serenely over the Stanford campus yesterday morning, while Stanford fireplugs displayed a new coat of blue and gold.

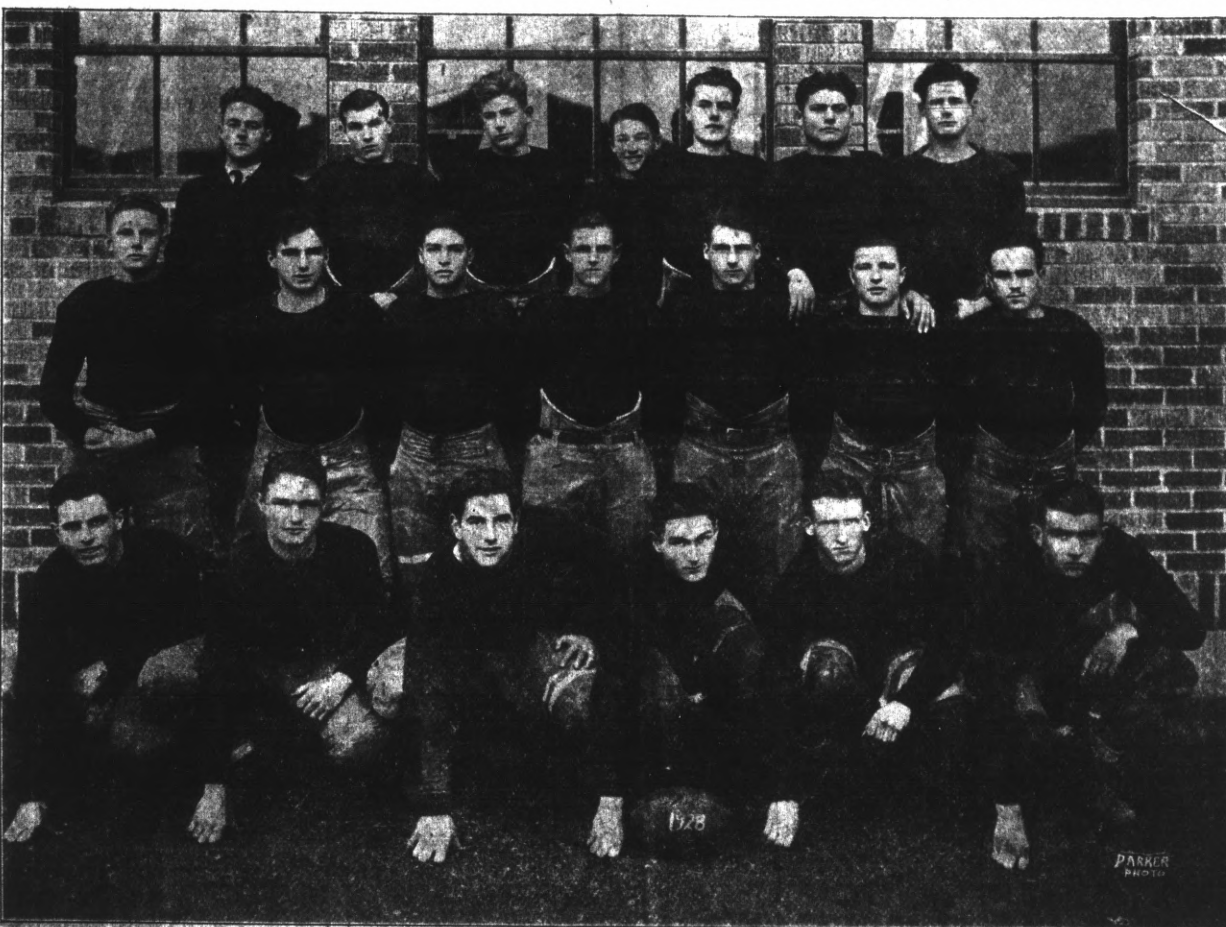

Classes of old are gathering in all sections of the bay region to-night holding banquets in preparation for the festivities tomorrow. The classes of California of 1918 and 1908 have gathered at the Mark Hopkins Hotel in San Francisco while the 1913 class has taken over the Masonic rooms at the Palace. The class of 1923 is holding its reunion in the Transportation rooms of the Palace while the classes of 1896 and 1897 are holding their sessions in other rooms of the same hotel.

Practically every class is holding a function of some kind to-night. It would be practically impossible to list all the affairs which are being held by the classes of both schools.

### Extra Entries

Transportation companies are dropping all schedules and will run trains and ferries as fast as they are loaded and can be cleared out of terminals. Both the Southern Pacific and Key Route system are putting on extra ferries and electric trains in a hope to handle the record throng without delay. Special trains are beginning to come in from the south carrying hundreds of alumni while

## Richmond High Gridders Pile Up Record

HERE THEY ARE—The fighting eleven of the Richmond union high school, who piled up a record of five victories and only two defeats during the grid season which has

just come to a close. About half of the squad will be held over for next year, to form the basis for the 1929 defenders of the red and blue.

others are trickling in from all parts of the continent.

Richmond alumni of both schools will take part in the festivities and are planning a series of parties to add to the day.

Twenty-one Richmond patrolmen and three traffic officers will aid in handling the crowds in Berkeley and at the stadium tomorrow. Sgt. Charles S. Manke will be in charge of the Richmond detail. The Berkeley police department will be augmented by officers from all parts of the bay section to handle the record throng.

Coach Ivan Hill will send his crippled basketball squad up against the Lowell cage team this afternoon at the Richmond high school gym. This will be the opening game of the 1928-29 season for the local boys.

Influenza has hit Hill's squad hard. Jackson and Arnold regular forward and center, have been out of practice for some time on account of illness, and will probably see the game from the sidelines. Carlson, one of the guards has been out of school for a week.

Prior to the big game, the local "B" team will mix with the Lowell "B" cagers.

Hill has his choice of the following men for the starting lineup: Page, Viano, Hall, Mallard, Pinto and Craig, forwards; Gordon, O'Connell center; Lane, Weeks, Taylor, Neckie, Rountree, Sakal and Locks, guards.

**Montgomery Ward Contractor Here**

H. Y. Davis, member of the firm of Pearce, Davis company of Stockton, contractors for the new Montgomery Ward building at Ninth street and Nevin avenue, was in Richmond yesterday preparatory to breaking ground for the structure. Floyd Gray of Oakland, who assisted in locating the firm here, accompanied him.

## HIGH VARSITY MAKES GOOD RECORD

One of the most successful seasons in the history of the school was concluded by the Richmond football squad recently.

The gridsters, under the direction of Coach Ivan W. Hill played seven games during the year, winning five and losing two stiff games, one to Berkeley and one to Oakland Tech.

In the first game of the season the Richmond squad lost to Oakland Tech. High, 16 to 7 in a hard fought game. The second game saw the Richmond outfit wallop McClymonds of Oakland, 12 to 6. University High of Oakland visited Richmond for the third game and went home, suffering from a 13 to 0 walling.

The annual Berkeley game, played here resulted in an 18 to 0 victory for the Berkeley squad. Fremont high school then visited Richmond and were sent home to the tune of 13 to 0.

Tamaplas visited for the "little big game" and they too lost 13 to 0 to Hill's squad.

The big game of the year with the San Rafael Military Academy was played here and resulted in a 33 to 0 victory for the Richmond squad.

The local men piled up an enviable record for high school football teams. The squad piled up 91 points to their opponents' 40.

The outstanding players of the season was Captain Harry Scavella, C. Truitt, George Degnan, Harold Fitzpatrick, Arthur Neckie, Walter Gordon, Rusty Lane, Todd Hall, Joe Williams, Ed Hurler, Bob Peters, Roy Carlson, Joe Rountree, and Frank Leonetti.

Hill is to be complemented upon the fine work of his team this year. Prospects for another good squad next year have never been brighter.

In the nine months ending September 30 last, 3,692,563 automotive vehicles were produced in the United States and Canada, according to the National Automobile club.

## Al Corbett To Meet Jernigan In Bouts Today

Tonight is fight night at the El Cerrito Athletic club and fans will assemble to see some of the best fights of the year.

Al Corbett, of Sacramento and Ted Jernigan, of Oakland, will mix in the main-event of the night. Corbett packs a wallop and has had plenty of experience. He just recently returned from a tour of the east where he met with fair success.

Chapple Cruz and Ralph Lopez will meet in the semi-windup. Three other bouts are scheduled.

## V. G. Electric To Demonstrate New Cooker

"A cool cook and a hot meal" is the objective of every housewife in Richmond, and in the Burt's Automatic Electric Thermos stove, this is accomplished with simplicity, according to V. G. Electric of the V. G. Electric company, 1314 Macdonald avenue.

Demonstrations of this modern kitchen idea will be given at the V. G. Electric store starting this morning and lasting throughout the next week. Demonstrations will also be given at the office of the Pacific Gas and Electric company on Sixth street.

Here is what Blake has to say regarding the new device: "This is the only device of its kind on the market—the greatest invention, since electric cooking was first introduced. No clock to set, no dial to set, just place the food in the utensil in the usual way and place in the stove—press the button and forget it. No over-cooking, no boiling dry, no burning, for as soon as the food in the stove reaches the steaming point it automatically shuts off the electricity and cooks the food to perfection with retained heat."

## John A. Miller Moves Office

John A. Miller, deputy income tax collector, and Mrs. Miller have moved from Thirty-third street and Nevin avenue to the Pulse flats at Tenth and Nevin. Miller has also moved his offices from the Redman building to the new residence.

## LONGFELLOW IN PRESENTATION OF LETTERS

Letters and numerals for members of the athletic teams of the Longfellow Junior high school were awarded at a recent student body meeting at the school.

Block "L's" were awarded to the following men for touch football games: Lee Trop, captain; Ed Hill, Ray Fahrendorff, Reno Passoni, Frank Klobas, Leo Carra, G. Rozocch, John Garalde, William Autman, Leonard Coombs, Arthur Rogers, E. Robertson, Joe Lewis, W. Seemon, Theo. Kapha.

The following were awarded "28's" for the inter-advisory baseball championship, won by room 11: Charles Novascone, Leho Caeza, Adrian Newman, Sherman Brady, John Gerlotti, John Lewis, Albert Schneider, Arthur Pagliero, Bernard Parker, and Mario Donini.

## San Pablo To Play Piggly Wiggly Nine

The San Pablo ball club will face the Piggly Wiggly nine of the Oakland Mid-Winter league Sunday afternoon at the San Pablo ball orchard.

Since the appointment of Carl Kamb as field manager, the San Pablo club has taken heart and are out to annex the pennant. The Pablans played a snappy game last Sunday to defeat the strong Chevrolet team, 10 to 1.

Hurst or Young will probably be on the mound for the Oakland team while Gillespie will start the game for the San Pablo outfit.

## Hotel Leo Sold To New Arrivals

Sale of the furnishings and fixtures of the Hotel Leo at Sixteenth street and Nevin avenue, was announced yesterday by Leo Persico, owner, to Mr. and Mrs. E. Schmidt of Milwaukee. The new proprietors have taken a ten year lease on the building.

## SQUADS GO INTO HIDING AS PRICE, WARNER PUT FINAL TOUCHES ON GAME PLANS

Far, far from the madding crowds, the Bear and Cardinal grid squads are now in hiding, taking life easy, awaiting for the biggest and most colorful football game in the Pacific Coast conference at Berkeley tomorrow afternoon.

Reports from the Stanford farm that several of the players on Pop Warner's team are suffering from injuries, has failed to raise any exultation in the camp of Nibs Price's cohorts. Price and his men realize that they will face one of the hardest games of the year. No matter how many Stanford players are injured, Price knows that this will not bring him victory. The game must be won by straight, clean football.

It will be the last game of the season for Capt. Irv Phillips, who is rated as one of the best ends on the coast. Perhaps he will make the All American this year

an honor he deserves. Biff Hoffman will be the main card for Pop Warner's backfield. Biff has been making yardage but has also been fumbling the ball in a jazy manner.

There is no telling how the contest will end. Both teams are rated about equal.

Yes, brethren, it will be a game.

The lineups: California: Ends: Captain Phillips and Norton or Avery; tackles Bancroft and Fitz; Guards Harry Gill and Schwartz; Halfbacks, Lom and Barr; Fullback Schmidt.

Stanford: Ends, Muller and Preston; Tackles, Artman and Sellman or Klaban; Guards, Post and Robesky; Center, Heinecke; Quarter, Fleishacker; Halfbacks, Sims and Wilson; Fullback, Hoffman.

## THE PUBLIC CAN BE SAFE

The feeling of great security as to the future which followed the election of Mr. Hoover had an almost instant reflex in the stock market, where speculation ran wild.

Records for sales and purchases went galley-west and the fever reached high temperatures. And as with all such flurries, the reaction must come.

The truth about the country's financial prospect lies somewhere between the gloomy Mr. Raskob's position during the Smith campaign and the optimism which caused the stock market to go on a post-election drunk. The place of truth lies rather closer to optimism than to the democratic depression.

The cheerful fact about stock market speculation, whether it is conducted on the happy outcome of a national election or on any commercial or industrial development of elevating tendencies—nobody needs to be hurt in it unless he wants to. The uninformed gentleman from the sticks bets against heavy odds always when he speculates in shares, for he knows rather less than one tenth of a percent what the insiders are aware of in any market situation. But he is the one who risks the money. If he does not want to, he does not have to put it up.

## DENATURING PROFANITY

You can get a little laugh out of this.

The talking picture studios have run into a serious problem. In filming "legitimate" stage plays by the new method, they find that they can't reproduce all the stage dialogue unchanged. Their public wouldn't stand for it. Legitimate stage dialogue is too raw.

There is a great deal of profanity in some of these plays. Much of it is very blunt, sincere profanity. In the old days ordinary theater audiences wouldn't have stood for it. They have become hardened since the war, and don't seem to mind. But movie audiences and censors are still old-fashioned about "swear-words."

So the bigorous old Anglo-Saxon unprintables have to be toned down into some tolerable compromise between what they are and such futile expletives as "My Goodness" and "Dear Me!" That is making the adapters sit up nights.

A new cussing code is needed. Hollywood will welcome suggestions.

Somewhere there is living the boy who 70 or 80 years from now will get front page space in the newspapers because he never rode in an airplane.—*Boston Transcript*.

The old fashioned mother used to cut down her dress for her daughter. The new one is no miracle worker.—*Dallas News*.

Men eat oysters a few months in the year, but they crawfish the year round.—*Des Moines Register*

Another answer to Mr. Durant's request for a prohibition enforcement plan: Conduct a temperance campaign as big as the political campaign just ended.

The admirals seem to like war better than the generals—maybe because they saw so little of it last time.

American tourists will spend \$900,000,000 during the year 1928 which is of course another proof that our prosperity is merely a myth.

It is said that only one bottle of brandy was left when the Graf Zeppelin landed in New Jersey. What we would like to know is how many were there when she started?

AND THE WORST IS YET TO COME

## BEAUTY

It seems to me that never before have women taken such an intense interest in preserving their youthful charm or in eradicating the signs of advancing years. On the whole it's an encouraging trend and one that should be applauded.

After all it is nothing less than stupidity to allow every birthday to add lines to your face and dullness to your hair. Even if you aren't a raving beauty to begin with there is a certain pride and satisfaction to be gained by always keeping up your appearance.

Of course there are many foolish women who subscribe to every new fad for regaining youth and beauty—and there always will be such women. It isn't necessary to undergo painful surgical operations or spend your entire life in the hands of a cosmetologist (now what do you think of that for a word for a beauty specialist?) to remain attractive—consistent daily care of the skin, nails, hair, etc., will produce more satisfactory results.

Don't minimize the importance of caring for your skin just be-

cause you're young and untrodden by wrinkles or sagging muscles—look forward ten years and think that every half hour you spend on your appearance now will be worth three or four hours then.

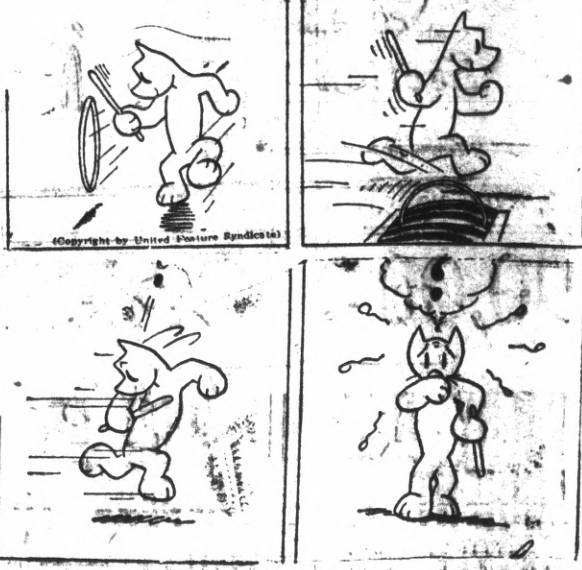

I must have thrown a lot of business the family doctor's way by this column. But I never can wholeheartedly advise superficial treatment without suggesting a physical examination for possible ills in cases where such would seem to be called for.

—RAGS WANTED—

Yours for style, JUDIE

## OIL REFINERIES PRODUCTION ON GAIN

A survey of the petroleum refining activities in this state, which has just been completed by the department of public information of the Chamber of Mines and Oil, reveals the astonishing progress which has been made lately by the industry in the matter of recovering gasoline from wet gas at the well.

The construction of gasoline absorption plants began in California only a few years ago. Today there are 136 plants in operation in the active fields of the state, and they are capable of treating 1,624,800 thousand cubic feet of wet gas in 24 hours. During Aug., 1928, these plants extracted 48,723,100 gallons of natural gasoline from 32,559,392 thousand cubic feet of gas.

The great importance of this industry is indicated by the fact that the production above mentioned represented 17 percent of all the gasoline manufactured in California during August. These plants extract from one-half to two and one-half gallons of gasoline from 1000 cubic feet of wet gas.

Ten years ago, gasoline was being shipped into Los Angeles from Oklahoma in trains of tank cars. Today California not only supplies the gasoline requirements of motorists in the Pacific states, Western Canada, Alaska and the Hawaiian Islands, but exports sometimes as much as 250,000 barrels per month to Europe, and occasionally as much as 500,000 a week to the Atlantic seaboard.

California is one of the great petroleum refining centers of the world. She has seventy-eight refineries, capable of working on straight crude or combining this "cracking" process, and these plants have a maximum daily capacity of 84,925 barrels of petroleum.

## License Clerk Urges Change In Etiquette

SAN FRANCISCO, Nov. 22.—(U.P.)—Another defect in modern custom has been detected by Grant Munson, chief marriage license clerk of San Francisco.

"Why congratulate the bridegroom?" asked Munson.

He goes on to explain, "It's the bride who marries the bridegroom nowadays. Why not congratulate her? Nine times out of ten the bride does all the business at the license counter."

Munson declares that the wives-to-be step up and ask most of the questions while the lovelorn male hangs several steps behind—shy or reluctant—Munson doesn't know which.

Last August, the chamber says, 46 of these plants were operating at 71 percent of their maximum capacity, producing an average of 190,000 barrels of gasoline daily. Some of the refineries at Los Angeles and San Francisco have cost as much as \$15,000,000 for actual refinery equipment.

The oil industry in this state has, within the last three years, made remarkable strides in the utilization of petroleum and its allied resources, dry gas and wet gas. While wells occasionally blow in, because of gas pressures too great to be controlled, they are brought under control as quickly as possible, and their great forces compelled to work for mankind.

After a well is completed, the wet gas that accompanies the oil is piped to the gasoline absorption plant, where the gasoline vapors are extracted. The dry gas issuing from the plant is either turned into the fuel line to be served as domestic or industrial gas, or is pumped back into depleted oil fields in the older fields, there to serve as a repressuring agent.

In that capacity it adds greatly to the ultimate recovery of oil from the depleted zones, and will itself ultimately be recovered and put to commercial use.

## REVISION OF TRUCK FEES EXPLAINED

SACRAMENTO, Nov. 22.—With the opening of the 1929 automobile renewal license less than a month away, the Division of Motor Vehicles today directed the attention of Californians owning motor vehicles used for commercial purposes to the fact that proposition No. 8, known as the Wagby bill, approved by the voters at the recent general election, will make numerous changes in the registration fees required to operate commercial vehicles.

Owners of such vehicles were urged to remember that these new fees will be effective during the coming renewal season and to govern themselves accordingly in remitting fees by mail after Dec. 1. The Wagby bill makes no change, however, in the fee for ordinary passenger cars this remaining as before.

It will relieve hundreds of farmers who use light trucks for hauling produce to market from payment of commercial fees inasmuch as it exempts all vehicles weighing up to 3,000 pounds unladen from payment of more than the regular registration fee of \$3. Division officials say this will dispose of the troublesome question of "box back" and vehicles used only occasionally for commercial purposes.

On the other hand the bill provides for a sharp revision upward in the fees of heavy trucks, the theory being that those responsible for the bulk of the wear and tear on the highways should pay the bill.

Consideration is also given in the bill of the fact that the number of wheels on a commercial vehicle have a direct bearing on the amount of damage such a vehicle can do to the highways and the fees are regulated accordingly.

The old schedules made no distinction between trucks having four or six wheels.

Vehicles under 3,000 pounds pay only the regular fee of \$3 regardless of fire equipment.

The division announces that the following schedules will prevail for commercial vehicles entirely with pneumatic tires:

Between 3,000 and 6,000 pounds unladen, \$15.

Between 6,000 and 10,000 pounds unladen, and limited under the provisions of the act to a total weight including load of 22,000 \$40.

Above 10,000 pounds unladen and limited to a total weight including load of 22,000 pounds \$50. Above 6,000 pounds unladen, but permitted a maximum weight, including vehicle and load of 34,000 pounds, \$70. (Vehicles with six wheels or more).

The regular registration charge of \$3 placed on all vehicles should be added to the above fees.

If the vehicle is equipped with solid tires the applicant should double the above fees in each case and then add the regular \$3 charge.

The new act also adds \$10 to the amount of the fee set up in the old schedules for all electric motor vehicles used for commercial purposes.

The division urges all owners of commercial vehicles to observe these schedules carefully and to forward their applications and fees to the division offices at Sacramento as soon after Dec. 1 as possible. In making application the certificate of registration should be forwarded with the fee and changes of address should be designated on the face of the certificate.

## Old Building Here Wrecked

Work on tearing down an old building on Macdonald avenue near Sixteenth street is well under way. The building was formerly occupied by the Richmond Laundry company. The building was condemned by the city and the wrecking work is under the supervision of the Richmond fire department.

S. A. Sellers, 1122 Oxford street, Berkeley, owner of the property, stated yesterday that he has no immediate plans for the use of property.

## Judge Witness At Rum Trial

URBANA, Ill., Nov. 22.—(U.P.)—When Police Magistrate Earl Meenach tries a liquor case he has first hand evidence.

In a recent raid here, Judge Meenach accompanied police officers and witnessed the arrest of several persons. When the latter appeared in his court, he said: "I add five other witnesses saw what went on, so there's no use of any of you trying to deny anything to me."

## Headquarters Fire Laddies Have Revenge

The Headquarters Fire department baseball team yesterday morning avenged themselves for the recent defeat suffered at the hands of the Outside Stations. When the smoke of battle blew away from headquarters was in the lead 5 to 1.

The lineup for the squads were as follows:

HEADQUARTERS—Lavenue, c; Hathaway, p; Moore, 1b; Kamb, ss; Husekka, 2b; Buys, cf; Addison, 3; Millicovich, lf; Keys, rf.

OUTSIDE STATIONS—Pomelli, cf; Grady, c; Paasch, ss; Martin, 1b; Clark, rf; Merriam, 2b; Evans, 3b; Willette, lf; Davidson, lb.

MRS. LA SELLE ILL

Mrs. E. P. LaSelle is confined to her home, 5315 Polarisette avenue with an attack of influenza.

## Alumni Cagers Start Training

Each year the alumni basketball squad of the Richmond union high school tangles with Ivan W. Hill's outfit in one of the big games of the year. This year two games will be played, one in December and one in January.

The alumni squad may contain the following players: George Cornell, Ernie Barberi, Ralph Lee, Rowdy Dyer, Art Muth and Al Husekka or Charlie Baldwin, Kenay Swenson, Phil Millicovich, Clyde DeBaere and Ray Melin.

## Hiram E. Jacobs Visits In South

Deputy District Attorney Hiram E. Jacobs left last night for Los Angeles where he will spend a few days on legal matters. Mrs. Jacobs will accompany him and will visit in Pasadena. They will return Tuesday.

## Cars Deathmark To Livestock Organization

PENNSBURG, Pa., Nov. 22.—(U.P.)—The full significance of the song "The Old Grey Mare, She Ain't What She Used To Be," has been realized by the Pennsburg and Goshenhoppen Mutual Live Stock Insurance company.

The organization has instituted proceedings in court here for dissolution. The officers admitted the days of the company's service is over.

Automobiles have caused the last of the horse insurance companies in upper Montgomery county to end its career of nearly 50 years. At the height of the horse-driving days, the organizations, for their combined five years ago because of decrease in business, numbered 1,000 insured horses. Horses decreased. Insurance fell off. And today less than 200 animals are on the books of the company.

## Tot Killed In First Attempt To Cross Street

ST. LOUIS, Mo., Nov. 22.—(U.P.)—For eight years Bernice Goldberg was not allowed to cross a street alone.

The girl attended a birthday party of a chum and while crossing the street in front of her home for the first time, was struck by an automobile and killed. Her parents thought the girl would be brought home in a car.

## Bones Of Pioneer Family Discovered

TUCSON, Ariz., Nov. 22.—(U.P.)—Bones of a family of California bound argonauts massacred by Indians 55 years ago, and the weather worn pine headboard that marked their rude grave, have been found near Harris mountain, on the east slope of the Chiricahuas. The bones and the headboard have been turned over to the Arizona Pioneers' historical society.

## Local Airport Proposal Again In Limelight

The airport for Richmond was again the topic of discussion yesterday following a visit here of Capt. Peoples of Berkeley, to interview bankers and business men regarding the proposition. Peoples appeared before the chamber of commerce last spring, urging the establishing of an airport.

He proposes to take over the landing field at San Pablo and to erect six hangars for the use of commercial planes. Peoples declares that he has raised \$15,000 toward the project and asks local capital to invest the remaining \$5000 which he says is needed to insure the success of the project.

Seladora, razors and tool grinding saw filing. Keys made 284 8th St. \$ 30.1mo.

## A NEW Wesix Electric Heater

When Wesley Hicks successfully installed electric heaters in a Sacramento home, eight years ago, he started a new era in heating. For he was a pioneer in making electric heaters.

The fame that came to his electric heaters spread, by word of mouth, all over California. Today 20,319 homes depend entirely upon Wesix heaters for warmth.

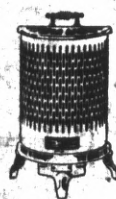

And now Mr. Hicks has designed a smaller portable heater. The Pacific Gas and Electric Company has made special arrangements to offer them to its customers.

Notice how beautifully this electric heater is designed. All the metal is aluminum. It will not tarnish. The heater gives quick heat. It spreads abundant warmth about the room. In the bathroom it warms you all over. And so too, in the breakfast nook. Mothers like it for their children. It's absolutely safe. It dries hair. It's nice when you want a little heat without starting the furnace or fire. Although designed to heat small rooms, it can be used in any room.

This heater is economical to use because we have a Special Domestic Heating and Cooking Rate—a very low rate—1 1/2¢ to 3 1/4¢ per kilowatt hour. 32% less than formerly.

### Special Offer

We'll send you, postpaid, this Wesix heater. If it doesn't do all we claim for it we'll take it back and you are not obligated in any way. But try it first. Phone or send in a postcard. Ask for Wesix "Cent-a-Watt" heater. It will come by return mail. Only \$12.50, cash or terms.
